

Product Name: UV/NIR/SWIR Illumination Demo Kit

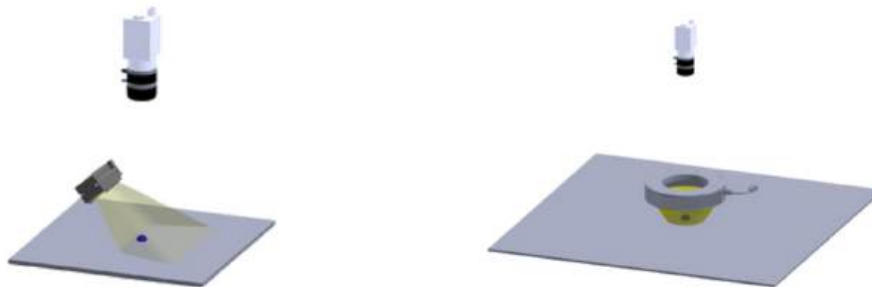

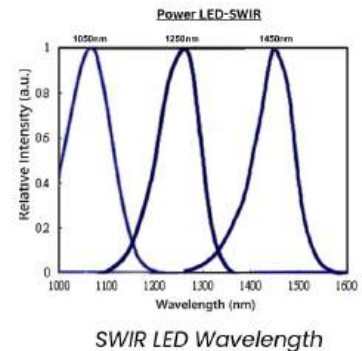

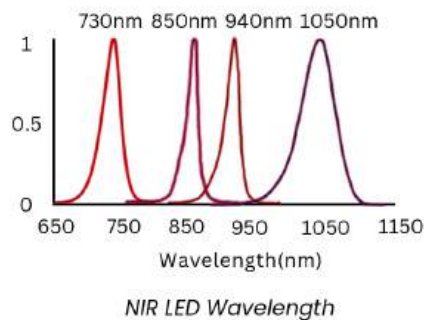

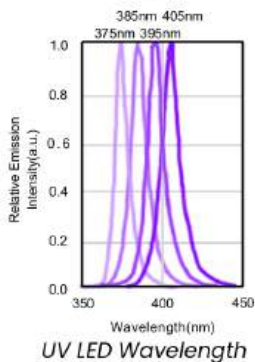

Product Type: Bar and Ring Illumination

Sample Application

Lighting	White Lighting	SWIR 1050nm	SWIR 1250nm	SWIR 1500nm
Item			Result	
Ajinomoto, Sugar, Salt				
Oil, Alcohol				
Oil, Plain Water				

Wavelength

Features

- Contains 3 different types of lighting: UV, NIR, and SWIR
- Contains different shapes such as bar and ring
- 1 lighting contains multiple wavelengths:
UV: 375nm, 385nm, 395nm, 405nm
NIR: 730nm, 850nm, 940nm, 1050nm
SWIR: 1050nm, 1250nm, 1450nm

Advantages

- Able to inspect samples of different shapes
- Capable of conducting application testing using various wavelengths

Benefits

- Improve efficiency in application testing
- Reduce the time taken
