

Box Dimension: L 333 x W 320 x H 110

33.7mm

45.7mm

51.7mm

The dimension shown above is the inner diameter

Part Number

DK-OD-LSQ-12V-V1

Description

The LSQ Stackable Series is an extension of the LSQ, providing three different angles of lighting in a round shape for multiple observations during inspection and a more compact size. Illumination from different angles provides slightly different results.

Dimension

	Outer Diameter	Inner Diameter
LSQ-033	51.85mm	33.7mm
LSQ-045	45.7mm	24mm
LSQ-051	57.85mm	45.7mm

Lighting Concept

Single

Stackable

Features

- 9 lightings in a demo kit
- Each size has different angles of 15°, 30°, and 45°
- Can be used individually or stacked
- Available with an overdrive function at 12V

Advantages

- Provides 15°, 30°, and 45° angles, enabling versatile illumination setups to capture details from different perspectives.
- Reduces the need for multiple separate lighting systems, saving cost and space.
- The overdrive capability enhances brightness for applications requiring higher-intensity illumination, improving clarity in challenging conditions.

Benefits

- Cost-Efficiency
- Ease of Use
- Flexibility
