

Box Dimension: L 333 x W 320 x H 110

32.3mm

44.3mm

50.3mm

The dimension shown above is the inner diameter

Part Number:

DK-OD-LSQF-24V-V1

Description:

The LSQF Stackable Series is an extension of the LSQ, providing three different angles of lighting in a square shape for multiple observations during inspection and a more compact size. Illumination from different angles provides slightly different results.

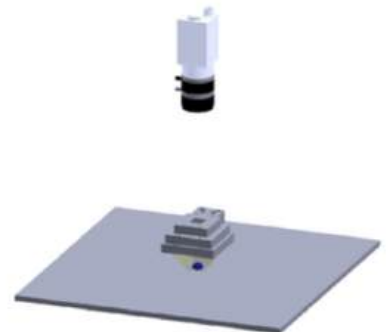

Dimension

	Outer Diameter	Inner Diameter
LSQF-033	52.7mm	32.3mm
LSQF-045	58.7mm	44.3mm
LSQF-051	61mm	50.3mm

Lighting Concept

Single

Stackable

Features

- 9 lightings in a demo kit
- Each size has different angles of 15°, 30°, and 45°
- Can be used individually or stacked
- Available with an overdrive function at 24V

Advantages

- Provides 15°, 30°, and 45° angles, enabling versatile illumination setups to capture details from different perspectives.
- Reduces the need for multiple separate lighting systems, saving cost and space.
- The overdrive capability enhances brightness for applications requiring higher-intensity illumination, improving clarity in challenging conditions.

Benefits

- Cost-Efficiency
- Ease of Use
- Flexibility
